B. Baywitch Subdivision

The revised Baywitch Subdivision application submitted on June 3, 2009, has been reviewed and was incomplete. I have sent the attached e-mail to the applicant's agent requesting revisions. As further revisions are required, I do not anticipate scheduling Planning Commission review until August 5, 2009, at the earliest.

As requested on June 3, 2009, I asked the US Army Corps of Engineers (USACE) how long the Baywitch wetlands delineation is good for. Mr. Robert Cole of USACE informed me on June 10, 2009 that the wetlands boundary was confirmed in the field; however a Jurisdictional Determination (JD) was not completed. USACE expects to complete the JD by July 10, 2009.

As requested, I have forwarded your questions to the County Attorney regarding how construction of the sewage treatment would be guaranteed and if it would be bonded. I expect to present his answer at the July 1, 2009 meeting.

The attached correspondence has been received regarding the Baywitch Subdivision application.

C. Draft Proffer Policy

The County Attorney is working on the draft Proffer Policy.

D. Draft Public Utility Text Revisions

As requested on June 3, 2009, I am working with the County Attorney to prepare draft Public Utility text revisions to better manage sewage disposal systems in residential zoning districts.

6. NEW BUSINESS

A. Discussion of Proffer Policy: The attached Spotsylvania Proffer Policy was distributed at the June 3, 2009 meeting for your review and discussion.
